

The Plant of the Month

January's Plant of the Month is the **Jade Plant Succulent**

The **Jade Plant** symbolizes happiness and prosperity, perfect for the New Year! The **Jade Plant** is often associated with good luck.

- ~Improves indoor air quality
- ~Doesn't mind being neglected
- ~Will tolerate full sun
- ~Easy to propagate
- ~Needs a pot with good drainage

During January only
all Jade plants will be

20% off

WE HAVE EVERYTHING YOU NEED!

HOW TO...

Looking for the perfect soil for your succulents? Use this recipe!

FlowerDoo 201 - 3 parts

Course Sand or Poultry Grit - 2 parts

Perlite or Pumice - 1 part

Mix these well, water, and then pot your plants!

And **VOILA ... Succulent soil!**

.....

Seed starting time is getting closer!

Remember- seeds are like kids. You have to feed them right if you want them to grow up to be healthy.

Give your seeds the best start with

DAIRY DOO's Seed Starter 101.

- 🌱 organic
- 🌱 made for seeds
- 🌱 full of nutrients
- 🌱 has mycorrhizal fungi, worm castings, and **DAIRY DOO** already mixed in
- 🌱 weed free

Grow healthier plants by starting with healthier soil- the **DAIRY DOO** way!

POP QUIZ ...

Which of these products can you plant seeds directly into?

- A. **DAIRY DOO**
- B. **VeggieDoo 301**
- C. **Seed Starter 101**
- D. **FlowerDoo 201**
- E. All of the above

(Answer will be in next month's THE DIRT!)
